DIVE Offspace

DIVE Offspace

Grabenstrasse 3
8952 Schlieren
4th Floor

Dive is a temporary off-space reminiscent of a swimming pool—a pool without water, waiting to be filled with our ideas. The space welcomes conversations and artistic productions that are often overlooked, as well as practices that question what is considered permissible, legitimate, or acceptable. Its focus lies on collaborative and critical thinking.

Dive is curated by Bassma El Adisey.
